

COVID-19 UPDATE, March 16, 2020

From Mayor Gail Lang:

At this time, the City of Llano is following CDC guidelines. In light of recent updates, we strongly recommend all gatherings with 50 or more participants be postponed or cancelled.

All City offices will be closed to visitors, and no non-essential business will be conducted through April 5th.

You may contact any City office via phone or email if you need immediate assistance. This is an ever changing situation and we will update you as information becomes available.
